# PDA Day PDA Panda Ears

How to create your PDA Panda ears:

1. Print this page on white paper*
2. Cut out both ear templates
3. Put glue on the back (white side) of each ear
4. Fold ears in half across the middle where shown

5. Place a headband inside the folded ears (one at a time)
6. Secure ears to the headband by gluing the front and back of each ear together
7. Position ears and trim as needed

(*If you don't have a printer you could replace this template with black paper and copy the basic design)

← Fold in half

← Fold in half

Selfie side (for front-facing camera)

Sharing selfies ...
Feel free to snap a selfie or family/group photo wearing your PDA Panda ears and share it on social media using #PDADay and #TeamPDA (one of the PDA Panda logos is reversed for front-facing cameras)
